

## OFFICIAL STATEMENT REGARDING COVID-19

As you are aware the situation with the spread of the COVID-19 has increased within Ontario and has increased significantly in other countries. Public Health continues to assure us the risk acquiring the virus is low. As of March 11, 2020, there are total of 42 confirmed number of people in Ontario that has been confirmed positive for the COVID-19 virus.

Here at Jan K Overweel Limited, we value the safety, health and wellness of our employees and business associates. Due to the recent out break of CORVID-19 we have put together a Task Group consisted of various departments to closely monitor the current situation and have established policies and protocols to minimize risks across all the lines of our businesses which extends globally. We can say that our supply chain is still very strong and are taking every safety precaution necessary to ensure the security & the well being of our customers, consumers and our employees.
